NEWS RELEASE

December 6, 2002

TSX Trading Symbol: **FNC**
S.E.C. Exemption: 12(g)3-2(b)

The Company wishes to announce that it has concluded an agreement with Sheridan Platinum Group Limited to earn a 50% interest in Sheridan's Longue Pointe de Mingan titanium prospect located on Quebec's North Shore, 160 km east of Sept Iles. Fancamp may earn the 50% by spending \$500,000 in exploration over two years. The prospect lies within the Havre St. Pierre Anorthosite, and consists of massive hematite exposed along the shores of a narrow lake. The area has been subject to reconnaissance mapping and surface sampling, but no gravity survey or drilling has been recorded.

Fancamp plans a gravity/magnetic survey for mid January, 2003, to be followed by diamond drilling.

ON BEHALF OF THE BOARD

"Peter H. Smith", President
